Another Cider Mill season is at hand, with promise of a large apple or ap, and we are in the market with the AMERICAN CIDER MILLS, and can only repeat what has been proven in previous years, that they will make MORE CIDER onto a given quantity of apples than any other mill. 43 They have been in repeated tests and never have been beaten.

The ROLLERS are adjustable, so that they can be set to mash grapes, without crushing a seed. The HOPPER can be removed at pleasure, for the purposest eleming, by merely turning a button; and they are in every respect, First Class CIDER AND WINE MILLS.

We give the result of a trial made at the Ohio State Fair at Springfield, in September, 180, which is the fairest we have been able able to obtain.

There were filteen pounds of apples, from the same pile, weighed out to each of four Mills, three of which we will not designate by name, but only say that they are considered the most popular Mills manufactured in the West. 30 revolutions of the Crank of American ground the Apples .... Cider produced 9% lbs.
